THE TRADE—Having purchased from J. J. McComb. Esq., and the McComb Arrow. Tie Co. their Plant, Machinery and entire stocks of from Cotton Ties, both in England and the United States, we are able to announce that we are now the ONLY House capable of farnishing GENCINE Arrow. Cotton Ties for the couring season. These Ties are made of best selected ENGLISH Iron, weighing 44 bundles to the ton of 2240 pounds, or averaging about 51 pounds each, uniform in weight, length, quality and fluish; and, being sold under fait guarantee, will meet every requirement suggested by the several Cotton Exchanges, which are now endeavoring to prevent a recurrence of the great losses of last season, caused by the use of inferior and light-weight ties. Yours truly.
